## Tools required

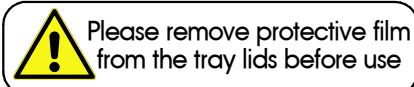

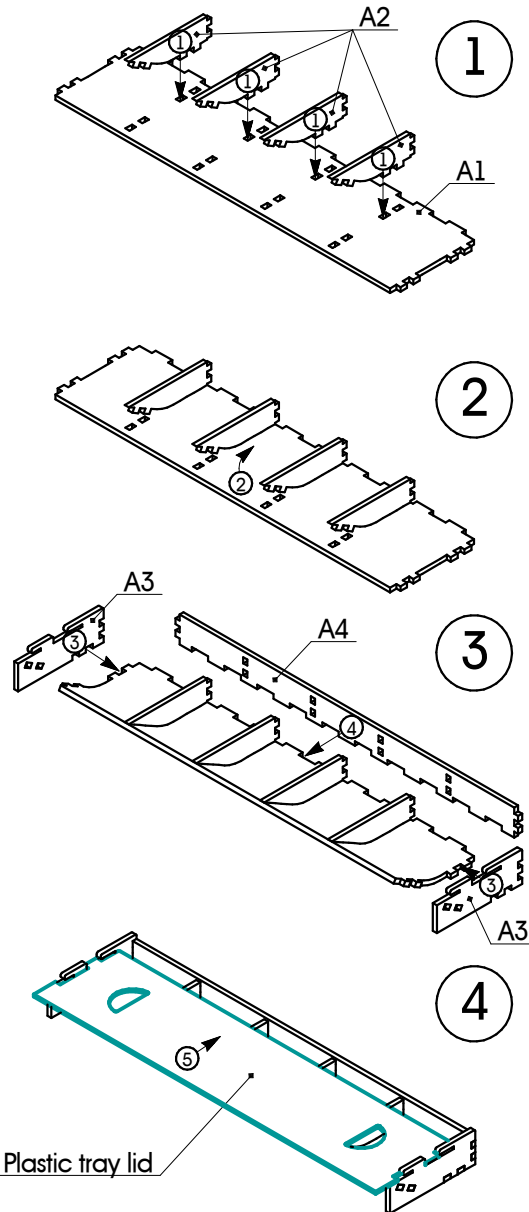

The organizer assembly requires about 90 minutes.  
The organizer is designed for no-glue assembly. However, applying some glue on the corner connections will increase trays durability. Due to variances in wood, a rubber mallet or glue might be required to secure the pieces together.

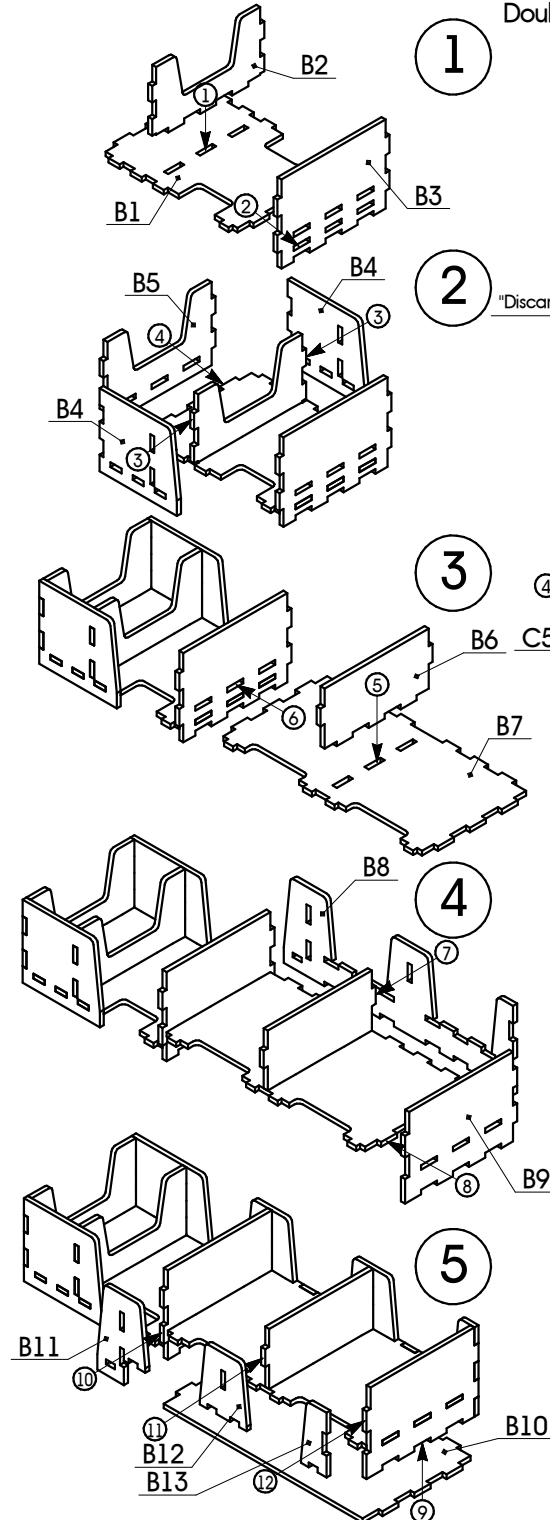

We recommend wood glue or another comparable quick setting, tacky glue.

Assembly tips:

- Some connections may feel too tight. Use of a rubber mallet is recommended to set the parts on their place.
