Assembly manual

Thank you for purchasing our Frost Tavern organizer.
A digital copy of the manual is available for download on gamingtrunk.com

Tools required

Wood glue

Utility knife

Rubber mallet

The organizer assembly requires 2+ hours of your time.
The organizer is designed for no-glue assembly. However, applying some glue on the corner connections will increase trays durability. Due to variances in wood, a rubber mallet or glue might be required to secure some pieces together.

We recommend wood glue or another comparable quick setting, tacky glue.

Assembly tips:

- Use utility knife to cut parts out of the sheets. Panching parts may cause wood splitting.
- Some connections may feel too tight. Use of a rubber mallet is recommended to set the parts on their place.
- Due to the cutting process, some pieces may vary slightly. If the piece is symmetrical reversing it may help
